Professional Summary

I am a motivated Full Stack Developer with hands-on experience in building web applications. I'm skilled in front-end and back-end development and focus on writing clean, efficient code. I enjoy working as a team, sharing ideas, and learning from others. I'm excited to take on new challenges and use new technologies to create innovative solutions and improve development.

Skills

Frontend: : React.js, HTML, CSS, JavaScript, Bootstrap, Tailwind

Backend: Node.js, Express.js, REST API, JWT, Bcrypt, Cloudinary

Version Control: Git, GitHub

Languages and Databases: MongoDB, PostgreSQL, MySQL, SQL, C, C++, PHP, Python

Other Skills: WordPress, Canva, SEO, Linux

Projects

Developed a Web-Based Internship Platform - Link

- Created a platform to connect students with internship opportunities.
- Intern Functionality: Students can browse and apply for internships.
- Technologies Used: MERN stack, JWT for authentication, bcrypt for password encryption, MongoDB with Atlas, Cloudinary for file storage, and Toastify for user notifications.
- Focused on robust code quality, implementing business requirements, and delivering an optimal user experience.

Developed a Blog Application - Link

- Implemented server-side rendering using EJS for dynamic content rendering.
- Enabled users to perform CRUD (Create, Read, Update, Delete) operations on blog posts.
- Designed with responsiveness in mind for an optimal user experience across devices.
- Focused on feedback and ongoing maintenance for long-term app sustainability.

Awards & Achievements

C, C++   Completion Certificates from Devansh Edu Tech Parbhani.

Full Stack Web Development Completion Certificates from Devansh Edu Tech Parbhani.

Education

BCA (Bachelor of Computer Applications)   **SRTMU Nanded**

July 2022 - August 2025

- BCA-FY CGPA: 7.15
- BCA-SY CGPA: 7.25
- Pursuing
